IMPORTANT NORMAN FORWARD INFORMATION

Deadline to register voters is Friday, September 18!

Norman Forward is a citizen led, quality of life initiative for the City of Norman. Projects proposed come from a variety of community groups and have been carefully crafted to appeal to a variety of Norman residents and every age. Seniors, families, young adults, swimmers, sports enthusiasts, readers, children and even dogs all have at least one project that will directly benefit them.

After extensive community discussions and involvement from Norman citizens of all walks of life, the city council has given us an opportunity to support a comprehensive package that will help our community continue to be the place we all want to live, work or raise a family. **By voting YES on October 13**, we can bring Norman together, help our economy, provide opportunities for improving health and improve all parts of our city. Take time to learn more about these projects and join in our support for our hometown!

**REGISTER
TO VOTE**
